Faculty Feedback on Curriculum

Chevalier T. Thomas Elizabeth College for Women
Feedback on Curriculum - Academic Year 2020-21

DEPARTMENT OF MATHEMATICS

The Curriculum has been revised for the B.Sc Mathematics course with effect from 2020-21. The Core papers were rearranged and a list of electives furnished to bridge the main and applied Mathematics. The course content of the papers in general are upgraded to meet the requirements of the present academic scenario.

Teachers Feedback on Curriculum - Academic Year 2020-21

Syllabus is suitable to the course but must be more specific. The curriculum should be modified in such a way such that the industrial requirements are met. There should be a major shift in education from teacher centred approach to learner centred approach.

Teachers Feedback on Curriculum - Academic Year 2020-21

As the syllabus was revamped in the academic year 2020-21, the courses are in tune with the current industry trends.

Very interesting to teach new syllabus

Alumni Feedback on Curriculum

ALUMINI FEEDBACK ON CURRICULUM DESIGN

The syllabus covers the important concepts and provide me basic and adequate knowledge and also gave me exposure to interdisciplinary courses in diverse fields. The syllabus created an interest to pursue research in the particular topic

It has sufficient balance in both theory and practical courses and meet my expectation in terms of learning new skills, values, attitude, etc. . . and also provide me knowledge and values in terms of ethical and social responsibility

The curriculum tries to build the opportunities in terms of employability such as jobs, services and entrepreneurial attitude in myself.

ALUMINI FEEDBACK ON CURRICULUM DESIGN

The course curriculum has helped me to gain more knowledge both in Theory and practical.

The concepts also helped to do my post Graduation. The Syllabus has covered more Fundamental and Important concepts.

The Syllabus is also useful for the preparation of NET Exam. I thank all the faculty members and the Organisation for their guidance and support to complete my graduation at C.T.T. E

S. HEMALATHA.

2015-2018.

ALUMINI FEEDBACK ON CURRICULUM

The curriculum was framed in such a way that we students would acquire basic & advanced knowledge in all subjects of our major. The curriculum fulfilled the students with the concepts of programming, and we were able to produce better programming skills in each one of us. In overall we have good exposure of knowledge and skills by the curriculum.

ALUMINI FEEDBACK ON CURRICULUM DESIGN

Hi, This is YAMINI.V, a Alumni of CTTE college for women.

When I first stepped into my college life, I don't know, I will reach this high in life. The environment created by curriculum & extra curriculum at my college has helped me in preparing for my real life skills.

My curriculum was so good, Syllabus and live practicals made me to beat up my knowledge skills.

I learnt alot in this 3 years! I gained more knowledge, values, and skills.

Best Learnings & Best Exposure is guaranteed. not only academic wise, but placements are also good which I have personally experienced. "Soft skills" helped me to get placed in "COGNIZANT" (CTS).

I completed my final year with improved self confidence & self esteem.

The time I have spent in this college is paving the way towards fruitful and enriching career.

Thank you to the management, department colleagues, for those 3 years of my life. for making who I'm today.

"The function of education is to teach One to think intensively."
