STUDENT LEADERSHIP

Higher education plays an extremely important role in promoting human as well as societal wellbeing and in developing India as envisioned in its Constitution. Higher academic institutions play a major role in nation building since we have a bigger social responsibility of moulding student leaders.

Student Council

Vibrant campus life is essential for high-quality teaching-learning processes to spontaneously happen. Students are given plenty of opportunities for participation in sports, culture/arts clubs, eco-clubs, activity clubs, and community service projects. Efforts are taken from the time of student induction to recognize, identify, and foster the unique capabilities of each student in non-academic spheres as well.
