(No.16, St.Mary's Road, Maryland, Sembium, Perambur,Chennai-11)
Affiliated to the university of Madras& Re- accredited by NAAC with Grade 'A'

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: International Day of Peace – Panel Discussion: Students as Peace Warriors: Possibilities & Challenges.

Date: 21/09/2023

Details of Resource Person: -

No. of Participants: 07

Report:

The Post Graduate and Research Department of English organized a thought-provoking panel discussion on the occasion of the International Day of Peace, on the topic "Students as Peace Warriors: Possibilities & Challenges."

The Panel discussion featured seven student panelists, each representing different departments within the college. The diverse backgrounds and academic interests of the panelists added depth and richness to the discourse. The discussion focused on various subtopics related to peace, exploring the possibilities and challenges that students encounter as they strive to promote peace in today's world.

Objective:

- To create opportunities for open, meaningful, and constructive dialogues among students.
- To encourage cross-disciplinary discussions and initiatives that consider how various academic fields and perspectives can contribute to peace-building efforts.
- To raise awareness about the potential roles students can play in promoting peace and understanding, both on and off campus.

Outcome:

Through open, meaningful, and constructive dialogues, students have refined their communication and collaboration skills, enabling them to engage in productive discussions and negotiations related to peace and conflict resolution.

Interaction with Students

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: Interdisciplinary Students' Seminar on "Eco-connect: A Multifaceted Approach towards Ecological Challenges of the 21st Century"

Date: 20/10/2023

Details of Resource Person: Dr. R. Sreelatha, Former Head of the Department of English, Chellammal Women's College, Chennai.

No. of Participants: 25

Objectives:

- To encourage research and critical thinking at the higher education level of learning.
- To improve presentation skills.
- To improve ecological consciousness across the disciplines.

Report:

The Post Graduate and Research Department of English organized an Interdisciplinary Students' Seminar on Eco-connect: A Multifaceted Approach towards Ecological Challenges of the 21st Century at the Seminar Hall on 20 October 2023. Participants from various disciplines presented papers. Each of the presenters gave a very different perspective on the ecological issues that have put our environment and planet in danger. Students explored various movies, books, songs, stories, and poems pertaining to environmental exploitation as a basis for their research.

The Judge, Dr. R. Sreelatha listened to the presenters enthusiastically, and gave critical inputs; encouraging them to do better.

Outcomes:

- The students learnt to research and critically think from the point of view of the seminar concept.
- They got an insight of the research methodology and its implementation through their research works.

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: Impactful English for Advanced Learners

Date: 24/01/2024

Details of Resource Person: Dr. Sumathi Shivakumar, Assistant Professor of English, Agurchand Manmull Jain College, Chennai.

No. of. Participants: 120

Objective:

- To develop the ability of the students to use English in day-to-day life and real-life situations.
- To enhance their understanding of the English Language through immersive learning.

Report:

The workshop organized by the PG and Research Department of English focused on the title, Impactful English. The resource person for the workshop was a co-author of the textbook, Impact: General English II, Dr. Sumathi Shivakumar, Asst Professor of English, AM Jain College. The workshop was conducted on 24th January 2024 from 12:30 pm to 2:00 pm. The participants for this workshop were selected advanced learners of I UG from various departments of the College.

Furthermore, she discussed the importance of implementing English language skills in their day-to-day lives. To illustrate her points, she provided examples from the latest textbooks for the I UG students. Dr. Sumathi cites examples from her latest textbook, which is a very engaging book with KWL charts, vocabulary exercises and charts that emphasize the pre-learning and post-learning questions.

Outcome:

- The students were able to develop the ability to interpret and understand the text in different contexts.
- The students were able to acquire the skills of English language in an integrated manner.

Name of the Event: Digital Health – Cyber Ethics 4. O

Date: 13-10-2023

Details of Resource Person: 1. Mr. Dennis Rodrigues, Deputy Chief, Information Security Officer, Macquarie Group, Australia 2. Mr. Prem Anand V N Director, Praghya AI Pvt. Ltd., Chennai. 3. Dr. S. Sriranjani Mokshagundam, Professor of Management – BGS, B- School, Bangalore. 4. Mr. Shahul Hameed, IT Consultant, Abu Dhabi Customs, UAE.

No. of Participants: 196

EVENT OBJECTIVES:

- to educate students about potential cyber threats or attacks in our digital lives
- to explore best practices for safeguarding sensitive information against different cyber crimes

EVENT OUTCOMES:

- Students gained a heightened awareness of the ever-evolving landscape of the latest cyber threats
- Students were enlightened with security standards to stay secure in different network domains.

EVENT REPORT:

The Symposium focused on theoretical and practical aspects of the security, privacy, and resilience of networks, and systems, as well as novel ways for dealing with their vulnerabilities and mitigating sophisticated cyber-attacks.

SESSION 1: “Role of Cyber Security in Business” (9 am to 9.45 am)

The event initiated with Mr.Dennis’s session where he explained the basic terminologies in the Cyber World and how cyber security is part of our digital lives. He insisted on the importance of the National Cyber Crime Reporting Portal and how to file a complaint in it. He also explained protection measures that one needs to take to protect their banking, social, and business accounts from hackers. The resource person sensitized the students about network etiquette, the pros and cons of social networking, and online transactions in cyberspace.

SESSION 2: “Cyber Ethics 4. O and AI” (9.50 am to 10.45 am)

This session was delivered by Mr. Prem Anand V N in offline mode. The session was interactive and the speaker gave insights into emerging AI technologies and associated cyber threats and how to behave ethically in cyberspace to address new challenges effectively. Further, the session threw light upon the important guidelines for data privacy and security in mobiles along with necessary precautions to be taken to safeguard against cyber-crimes. Towards the end of the session, he responded to a query by one of the students about the ethics of Chat-GPT usage in studies by today’s generation.

SESSION 3: “Unleashing Cyber Security Potential – Women and AI Revolution” (10.50 am to 11.50 am)

This session was embarked on by Dr. Sriranjani in virtual mode. She shared valuable insights on the do's and don'ts for women while using social media platforms to prevent falling victim to Cyber Crime. Illustrating her points with real-life examples, she sensitized the students about the potential consequences of disregarding safety measures in the virtual realm. A key emphasis of the talk was on uninstalling applications that are not suitable for certain age groups. Her speech empowered the students to defend against AI-driven threats and AI tools to be secured in the cyber landscape.

SESSION 4: “Cyber Crimes and Cyber Security Measures” (12 pm to 1.15 pm)

The resource person explained to the students very clearly the different modes of cyber crimes, virus attacks, social networking security, password protection, financial fraud, and its legal scenario with relevant case laws. His talk is geared toward various facts of Cyber Stalking, Smishing, Spoofing, QR Code risks, Public Wi-fi issues, Cyber Crimes, and Cyber Forensics. Students raised queries regarding the government’s initiatives to provide WIFI facilities in public places. The Cyber Security session was indeed great learning for all the students.

Name of the Event: The Truth About Gendercide in India

Date: 19/12/2023

Details of Resource Person: Mrs. Priya Juliet Richard, Director & Awareness Initiative Lead,
Kanya Raksha Foundation

No. of Participants: 250

Report:

OBJECTIVES:

- To explore the issue of gendercide and educating at-risk girls
- to raise awareness of Gender Equality by promoting Women's Empowerment
- A Guest Lecture on 'Gendercide' was organized by the Department of B. Com (Corporate Secretaryship) in collaboration with IQAC, Chevalier T. Thomas Elizabeth College for Women on December 19, 2023, at 10.30 am. The Key Speaker highlighted the issue of the systematic mass killing of girl children all over India and how girl children are ending up in orphanages. The session started with a quiz using the 'Mentimeter' app asking for students' views on gender-related queries. Later, a video was screened that spoke about the gender stereotypes that are attached to different cultures and how gendercide happens in remote areas..

OUTCOMES:

- Students understood that in society, women and men enjoy the same opportunities, rights, and obligations in all spheres of life.
- Students learnt about unacceptable manifestations of gender discrimination happening all over India against girls and women and to voice out for equal rights.

Name of the Event: Constitution of India – Amendments & Preamble

Date: 20/12/2023

Details of Resource Person: Mr. Michael Yangad, Advocate

No. of. Participants: 300

Report:

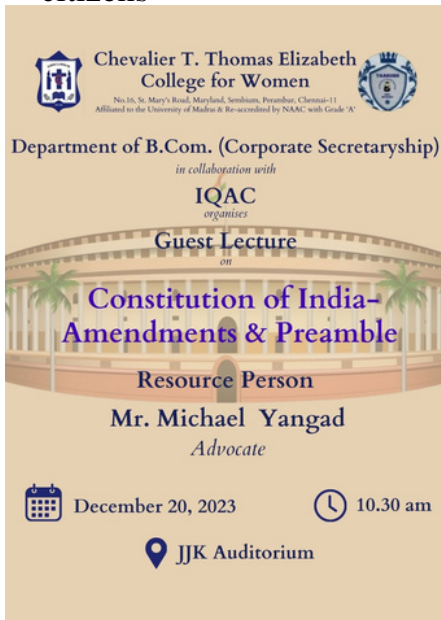

OBJECTIVES:

- to enlighten the students on various amendments that have been brought in the original constitution of India
- to reiterate and reorient the students towards the values, basic rights, and principles expressed in the Indian Constitution

The Department of B. Com (Corporate Secretaryship) collaborated with IQAC, Chevalier T. Thomas Elizabeth College for Women to observe 74th Constitution Day (November 26, 2023) on December 20, 2023. Due to heavy rain and Michuang Cyclone, this event has been postponed to December 20, 2023. The eminent speaker Mr. Michael Yangad had started his session beautifully by honouring and acknowledging the contribution of Women to the Drafting Committee of the Indian Constitution. The Speaker discussed the significance of the constitution and how it attempts to provide a secure life to all the citizens of India. Incorporating the text of the constitution he focused on JUSTICE, social, economic, and political; LIBERTY of thought, expression, belief, faith, and worship; EQUALITY of status and of opportunity.

OUTCOMES:

- Students have understood the importance and significance of the invocation of Constitutional Morality
- Students learned the fundamental rights that are guaranteed by our Constitution of India for its citizens

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: Provident Fund and ESI

Date: 28-03-2024

Details of Resource Person: Mr. L. B. Jayaram, ACS., AICWAI., BGL., (Corporate Consultancy Services)

No. of Participants: 65

Report:

Objective

- to acquaint students with the provisions relating to the Provident Fund
- to bring awareness among students about the functioning of the ESIC Scheme in India
- The Department of Corporate Secretaryship had arranged for a Guest lecture on 'Provident Fund and ESI' as an Add-on session to the curriculum, on March 28, 2024. Mr. L. B. Jayaram was invited to address our students on the chosen topic. On this occasion, the guest speaker made a PowerPoint presentation, titled 'Provisions of Provident Fund & ESI', to brief the participants about the key provisions of PF, the Registration procedure and benefits extended by the ESI corporation, and the processes to avail these benefits. He further highlighted the reaching out efforts of ESIC towards offering various medical benefits to eligible workers. At the end of the session, he outlined various forms available to the workers to claim the benefits under the Act. He clearly explained the differences between ESI benefits and Medical Insurance.

Outcome

- Students got a better understanding of the ESI Act and the Employees Compensation Act.
- Students became aware of various ESI hospitals functioning in Chennai.

No. of Participants: -40

Report:

OBJECTIVE

To orient students on the constitution of India and the basics of a contract.

OUTCOME

The students were able to comprehend important laws pertaining to the Constitution of India and Contracts entered into business.

REPORT

Mr. Renton Mahimairaj was the resource person for the seminar organized by the department. Around 40 students of I B.Com General A and B benefitted from the lecture program on the Constitution of India and the Basics of Contracts. He highlighted important aspects of Contract and the same being cited in the Contract Act and how each and every person has the right to take up any profession, employment, or business as per the Constitution of India. He also emphasized the importance of ethics in business. It was an interactive session throwing light on the various concepts in business law.

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: Special Lecture: The Role of Mathematics in Artificial Intelligence

Date: 28.01.2024

Details of Resource Person: Dr. N. Jaisankar, Professor & Head, Department of Information Technology, M.N.M Engineering College

No. of Participants: 50

Report:

Overview: The Sigma Club of the Department of Mathematics organized a special lecture titled "The Role of Mathematics in Artificial Intelligence" on January 28, 2024. The lecture was conducted by Dr. N. Jaisankar, a distinguished Professor and Head of the Department of Information Technology at M.N.M Engineering College. The session aimed to elucidate the indispensable connection between mathematics and artificial intelligence (AI) by exploring the foundational principles, methodologies, and applications that underscore this symbiotic relationship.

Key Highlights:

Foundational Principles:

- Dr. Jaisankar began the lecture by discussing the fundamental principles of mathematics that are essential to AI. He emphasized the importance of linear algebra, calculus, probability, and statistics in developing AI algorithms.
- The lecturer explained how these mathematical concepts provide the theoretical framework for various AI techniques, including machine learning, neural networks, and optimization.

Methodologies:

- The session delved into the methodologies used in AI that heavily rely on mathematical concepts. Dr. Jaisankar highlighted the role of mathematical modeling in understanding and solving complex problems.
- He discussed the use of optimization techniques in training machine learning models and the application of statistical methods in data analysis and interpretation.

Applications:

- Dr. Jaisankar provided real-world examples of how mathematics is applied in AI to drive innovation across various domains. He showcased the use of AI in fields such as healthcare, finance, and robotics, demonstrating the transformative impact of mathematical applications.
- The lecture also covered the development of sophisticated algorithms and systems that are at the forefront of technological advancements.

Conclusion:

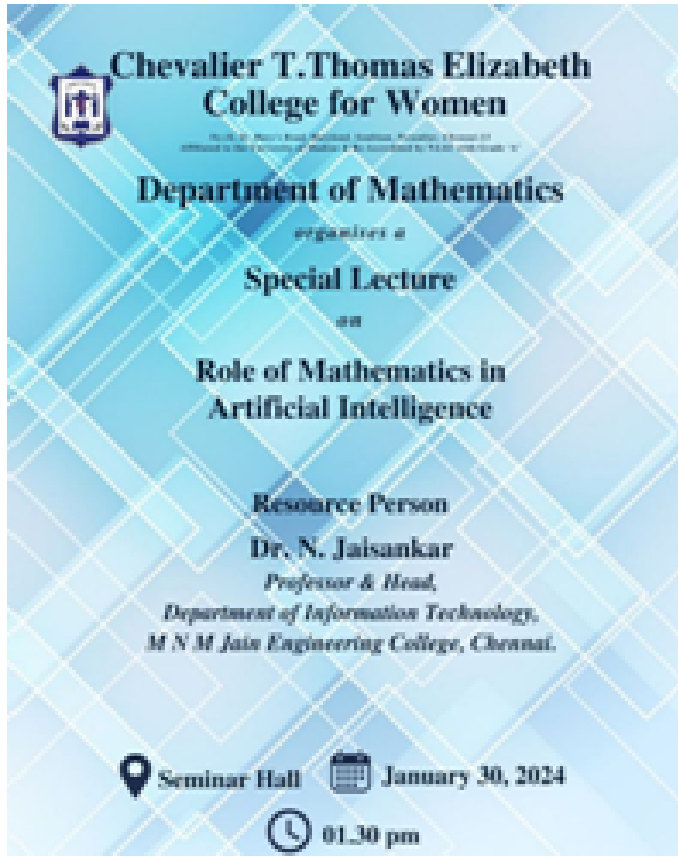

The special lecture on "The Role of Mathematics in Artificial Intelligence" was a resounding success, providing attendees with valuable insights into the critical role that mathematics plays in the development and advancement of AI technologies. The event underscored the symbiotic relationship between mathematics and AI, highlighting how mathematical principles and methodologies are integral to driving innovation and transformation across various domains. The Sigma Club's initiative in organizing this lecture significantly enriched the students' understanding and appreciation of the interplay between these two fields.

Details of Resource Person: Mr. R. Suthesh Kumar, Systems Maintenance Engineer, C.T.T.E. College for Women.

No. of Participants: 20

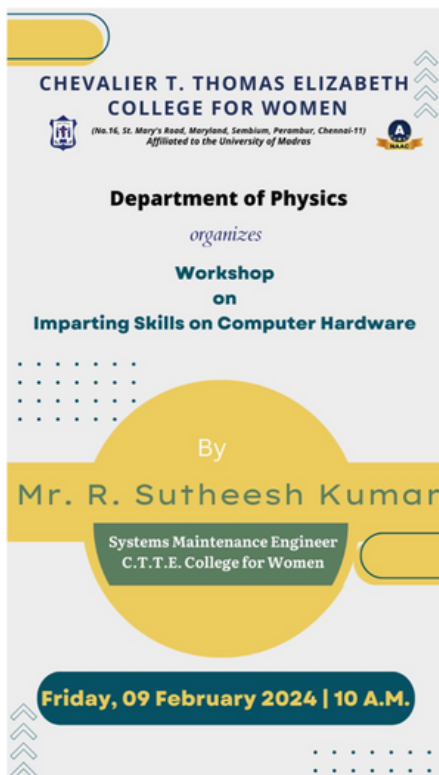

Report:

- **Objective**

The objective of the workshop on Imparting Skills on Computer Hardware, conducted by the Department of Physics at C.T.T.E. College for Women on February 9, 2024, was to provide students with practical knowledge and insights into computer hardware fundamentals. The workshop aimed to enhance students' understanding of system components, troubleshooting techniques, and maintenance practices, thereby preparing them for careers in technology-related fields.

- **Outcome**

The workshop witnessed active participation from students of the Physics department and proved to be a valuable learning opportunity. Through interactive sessions and hands-on demonstrations led by Mr. R. Suthesh Kumar, Systems Maintenance Engineer, students gained essential skills necessary for navigating the complexities of computer hardware effectively. By the end of the workshop, participants had acquired practical knowledge and confidence in troubleshooting hardware issues, which will undoubtedly benefit them in their academic pursuits and future careers in technology..

Report:

• Objective

On February 21, 2024, Wednesday, from 9:30 A.M. to 12:30 P.M., advanced learners from the Department of Physics participated in a virtual workshop titled "Opportunities through the Fulbright Fellowship and Preparing for Research in the United States." The workshop, conducted by the International Centre for the University of Madras (ICOM) in collaboration with the United States-India Educational Foundation (USIEF), aimed to provide valuable insights into the Fulbright Fellowship program and opportunities available for research in the United States. The primary objective was to equip participants with a comprehensive understanding of the application process, eligibility criteria, and various research opportunities, along with offering tips for preparing competitive applications.

• Outcome

The virtual workshop proved to be a highly enriching and informative experience for the advanced learners from the Department of Physics. Throughout the session, participants gained valuable insights into the Fulbright Fellowship program and the avenues it opens up for research opportunities in the United States. They received detailed guidance on the application process and eligibility criteria, as well as practical tips for crafting competitive applications. The workshop served as a catalyst for inspiring students to pursue academic excellence and research endeavors on an international platform. By providing a comprehensive overview of the Fulbright Fellowship program and research opportunities in the United States, the workshop empowered participants to explore avenues for advanced studies and research collaboration at an international level, thus enriching their academic and professional pursuits.

Normalization is the process of minimizing redundancy from a relation or set of relations.

Redundancy is caused by anomalies.

Insertion → Deletion → Update

Normal forms are used to eliminate or reduce redundancy in database tables.

If a table is not properly normalized and has data redundancy(repeated) then it will not only eat up extra memory space but will also make it difficult for you to handle and update the data in the database, without losing data.

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: one-day seminar on the topic " Diversity and Inclusion in Social Work Education "

Date: 19.03.2024

Details of Resource Person: Dr. K. Sathyamurthi

No. of. Participants: 21

Report:

The PG Department of Social Work organized a one-day seminar on the topic " Diversity and Inclusion in Social Work Education ". The event commenced with a reflective address by Dr. G. Gladston Xavier, emphasizing the evolving perspectives on inter-religious marriages and the importance of diversity, particularly in Tamil Nadu. Xavier underscored the role of minority communities in fostering inclusivity and highlighted the societal responsibility to respect diversity and empower individuals with disabilities. Keynote speaker Dr. K. Sathyamurthi expounded on the theme of "Shared future for transformative change," stressing the essence of inclusivity in social work. He elucidated the core values and methodologies of social work, accentuating the significance of education in driving personal and national development. Additionally, he underscored the imperative to address social issues such as cancer prevalence, child marriage, and malnutrition, through cultural competence and humility. Subsequent speakers, including Dr. S. Rachel and Mr. P. Raghu, shed light on cultural competence, the impact of culture on socialization, and the role of NGOs like Banyan in effecting positive change. They emphasized the need for skill-building in cultural competence and recounted success stories in advocacy and grassroots activism. Mr. A. Clinton Joseph, the final speaker, delved into the crucial aspect of self-care for social workers, delineating strategies to combat burnout and maintain holistic well-being. He underscored the importance of discipline and setting boundaries to uphold mental, emotional, and physical health amidst demanding work environments. Followed by a conclusion speech given by Dr. S . Manikandan.The program concluded with acknowledgements, departmental activities, and a vote of thanks, encapsulating a comprehensive exploration of pertinent themes in contemporary social work practice.

3.2.2 Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

Name of the Event: Importance of Psychology in today's world.

Date: 21-08-2023

Details of Resource Person: Dr. T. Lavanya

No. of. Participants: 110

Report:

Objective

- To enlighten students about the importance of psychology in today's world
- The Department of Psychology, Chevalier T. Thomas Elizabeth College for Women, organized a psychology lecture series on the topic "Importance of Psychology in today's world" for students and faculties at the JJK Auditorium from 1:30 to 2:30 p.m. The event began with a welcome address by Ms, Sahana from III B.Sc. Psychology, followed by the felicitation of the chief guest by Mrs. Alima Zehra. The main session was delivered by the Chief guest Dr. T. Lavanya, Head of the Department of psychology, University of Madras, who enlightened the students about the importance of psychology in today's world and how psychology can be applied in various aspects of our lives. The Chief guest had an interactive discussion with the students about the current issues faced in today's technology-driven world. After the event, the Chief guest honored the student representatives of the Department of Psychology with badges and inaugurated the "Wall of Kindness"- a new initiative started by the Department of Psychology to promote generosity and prosocial behavior among the student community of CTTE College. The event concluded with a vote of thanks by Ms. Bassima from III B.SC Psychology.

Outcome

The event was highly beneficial, insightful, and enlightening, with positive feedback from all the students.

Name of the Event: Lifespan

Date: 3-02-2024

Details of Resource Person: Mrs. S. Agalya

No. of. Participants: 33

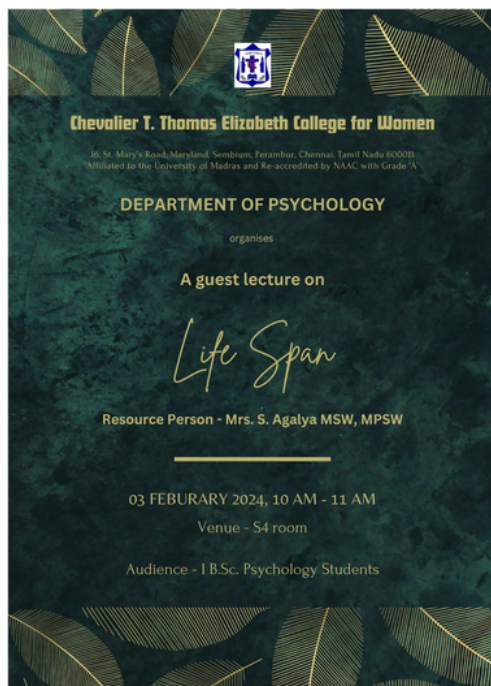

Report:

Objective

- To enhance the knowledge of students about life span perspective through a guest lecture
- The Department of Psychology, Chevalier T. Thomas Elizabeth College for Women in association with PG Department of Social Work organized a guest lecture on Lifespan for the students of I B.Sc. Psychology in the college campus between 10 a.m to 11 a.m on 3rd February, 2024. The resource person for the event was Mrs. S. Agalya, Assistant Professor from the Department of Social Work who shared her knowledge about taking a life span approach to developmental psychology and understanding human behavior. The event began with a welcome address by Ms. Mahalakshmi, followed by a brief discussion with the students. Then the speaker explained the life span perspective, and the different stages it and illustrated the importance of taking a life span perspective to get the whole picture of human development from conception to death. Students were able to gain a new perspective about the study of human development which would aid in their subject knowledge of developmental psychology.

Outcome

The event was highly insightful, informative, and beneficial for students with positive feedback.

Name of the Event: Seminar on Consumer Rights

Date: 31/10/2023

Details of Resource Person: -

No. of. Participants: 20

Report:

The Citizen Consumer Club took a proactive stance in promoting awareness and education on consumer rights by organizing a seminar on 31st October 2023. The seminar commenced with an inaugural address, emphasizing the significance of informal consumer choices in today's dynamic market. Attendees actively engaged in discussion and question and answer sessions, fostering a deeper understanding of how to navigate and assert their rights in the face of commercial transactions. The seminar also discussed emerging challenges in the digital realm, underscoring the importance of consumer data and privacy. A video also showed that helps to make a clear understanding. Thus, the seminar helps students to know about consumer rights.

Objective

The primary objective is to educate the students about the rights of consumers and to be protected from hazardous goods, deficient services, and unfair trade practices
