Name of the Activity: FEED THE UNFED

Date: 13/10/2023 & 14/10/2023

Organising unit/ agency/ collaborating agency: Life Skills Cell

Name of the scheme: Life Skills Cell

Participants: 20

OBJECTIVE

Objective: He Who Feeds A Hungry Animal Feeds His Own Soul The members of the Life Skills Cell have conducted a drive for feeding the strays that are in and around their surroundings. The students have actively participated and fed many strays. Stray dogs guard our homes and streets with no condition; they take away our worries for the few moments we spend with them, and above all, they teach each the pure joy of being grateful for the small things in life. Thus we should show our gratitude to them by feeding them. The students fed many strays such as street dogs, cats, cows, doves, etc. Thus it is a step for building a sound ecosystem where every being interacts with each other.
